

# LEARNING MANAGEMENT SYSTEM (MCONLINE)

---

# Learning Management System

- Our school is using Marshall Cavendish Online Learning Portal as our school's Learning Management System (LMS).
- It is a full-fledged Learning Management System that delivers, tracks and manages online learning anytime and anywhere.
- The LMS portal is used for e-learning, booking of Meet-the-Parents session, Home-based learning and also a platform for parents to declare their travel plans in June and Dec.

# Learning Management System

- Parents can also be involved in their child's e-learning journey. All parents are given Mconline account. With the Parent's account, parents can monitor child's online assignment and declare travel plans online.

- Change in User Login ID and Password

To ensure that data held protected against loss, and against unauthorised access, use, modification, disclosure or other misuse, controls for Login ID and password management shall be put in place to protect all systems from unauthorised access
