| 8 Mar Tue | P1 LJ to Hortpark (P1C and P1D, 8.30 am -12.00 noon) |

B. Sexuality Education Programme for Primary 5 & 6 Pupils

(Mrs Adeline Ang, Sexuality Education Coordinator)

The school will be embarking on a series of lessons for your child on sexuality issues in Term 2 and 3. The aim of Sexuality Education is to enable pupils to understand the physiological, social and emotional changes they experience as they mature, develop healthy and rewarding relationships including those with members of opposite sex and make wise, informed and responsible decisions on sexuality matters. You can refer to the school website for more information.

As part of their holistic development, we would strongly encourage all Primary 5 & 6 pupils to participate in the Sexuality Education Programme during curriculum time. Our qualified teachers will be conducting the sessions using resources provided by MOE.

Please fill up and submit the acknowledgement slip in Annex A to your child's form teacher by 1 Mar 2016. For parents who wish to opt their children out of the programme, we would appreciate if you could also fill up and submit the attached opt-out form in Annex A as well.

Should you have any enquiries, please call Mrs Ang (Sexuality Education Coordinator) at 65851421 for clarifications.

C. Purchase of PSLE past-year papers booklet

(HODs for English, Mathematics and Science & MTL HODs)

As part of the teaching and learning, the school requires all P6 pupils to purchase the PSLE past-year papers booklet to help familiarise the pupils with the types of questions in the PSLE. The PSLE papers from the previous three years will be released in examination format, for both the standard and foundation levels, in all subjects. This enhancement aims to provide students and parents with greater clarity on the overall standard of the PSLE.

PARK VIEW PRIMARY SCHOOL

60 Pasir Ris Drive 1 Singapore 519524. Tel: 6585 1421 Fax: 6585 1401

The booklets are sold at **\$1 each**. The books will be available from the school bookshop from 4 March 2016. Pupils under the MOE-FAS scheme will be given complimentary copies.

D. Purchase of SCA Sketchpad for P4 MDPW

(Mrs Jareen Wong, Project Work Coordinator)

The P4 SCA Sketchpad is ready for purchase. Please get your child to make payment of \$4.10 at the school bookshop by 4 March 2016. The Sketchpads will be given to your child in Week 9 by the form teachers.

E. Young Scientists Magazine

(Mrs Celine Lim, HOD Science)

The Young Scientists Magazine is a comic-based magazine with stories and topics centred on the Lower Block or Upper Block Science topics to promote the learning of Science among school children. If you are interested to subscribe to the magazine, please refer to the attached pamphlet for the subscription fee. Young Scientists Reader Pte Ltd will be setting up a booth on **1 March 2016** from **9.15am to 2.30pm** in the **school canteen**. Payment is to be made directly to the vendor on the above date mentioned.

F. Health-Related Matters for March Holidays

(Mr Edward Leong, VP Admin)

As we continue to place emphasis on personal hygiene and social responsibility, we like to highlight some of the health-related SOPs for the school.

1. Online-Travel Declaration for March Holidays

If you are planning to travel overseas with your child/ward during the school holidays, please login to our Learning Management System (LMS) portal, McOnline, to make your travel declaration. All P1 pupils need to declare their travel plans regardless of travel intent. The rationale is that the P1 parents and their children are new to the school environment and it is helpful for them to understand the system of reporting better. For other levels, only parents of those pupils who intend to travel need to declare the travel plans of their children.

2. Update Particulars of Pupils

If you have changed your residential address and/or contact numbers, please provide your child/ward's form teacher with the updates as soon as possible.

3. Haze Management Readiness

As part of the Haze Management Readiness, we would like to remind pupils with medical condition such as breathing difficulties, to have their medication with them (for example, inhalers for children with asthma).
