Dear Parents/Guardians,

A. ASSESSMENT MATTERS

Assessment is integral to teaching and learning and provides useful information to your child/ward, your child's/ward's teachers and yourself. In school, teachers use a range of formative assessment techniques such as questioning, giving feedback and peer and self-assessment to support your child's/ward's learning. Bite-size forms of assessment such as topical reviews, listening tasks and performance tasks will be used to provide your child with opportunities to experience success and build confidence and the desire to learn.

The school adopts a range of holistic assessment tasks, both formative and summative, to better enhance the learning and development of our students, as reflected in the table below.
