PVPS-2021-15

21 July 2021

Dear parents/guardians,

## Phase 2 (Heightened Alert) – Safe Management Measures, SMMs

Due to the sharp rise in the number of community cases and in line with the nation's posture, SMMs in schools will also be strengthened.

### 1. CCAs and Enrichment

Continue to suspend all in-person CCAs and non-essential enrichment until further notice. Where possible, CCAs and enrichment will be conducted online; i.e., eCCA or e-enrichment.

### 2. After-School Activities

- i. Curricular related school-based programmes will continue, e.g., School-based Dyslexia Remediation Programme (SDR), Reading Remediation Programme (RRP).
- ii. Please note that **P3 & P4 remedial will be suspended** with effect from next Monday 26th July 2021 until further notice.

### 3. Health Risk Warning (HRW) SMS from MOH

- i. If **your child** has received a **HRW** SMS, he will be placed on Approved Absence (AA) and may return to school only after the **Exit PCR swab test is negative**.
- ii. If **you or any of your household members** have received a **HRW** SMS, your child will be placed on AA and can return to school only when you or your household member's **Entry PCR swab test is negative** and **you or your household member is well**.

### 4. Health Risk Alert (HRA) SMS from MOH

- i. If **your child** has received a **HRA** SMS, you are strongly encouraged to **get your child tested** and monitor his health. Your child will be allowed to return to school but he will be advised to minimize his social interactions for the duration specified by MOH.
- ii. If **you or any of your household members** have received a **HRA** SMS, your child will be allowed to return to school.

### 5. Phone Surveillance

- i. If **your child or any of your household members** have been placed on **phone surveillance**, he would not be placed on AA. Your child can **continue to come to school** whilst on phone surveillance.
- ii. If your child is required to take a **mandatory PCR swab test** at the end of the phone surveillance, he will be placed on **AA until the swab test result is negative**.

Leaders of Character, championing Service and Excellence.

*Respect for All. Responsibility in Actions. Resilience in Adversity. Integrity Our Core. Care for Community. Harmony in Diversity.*

## 6. Important note on Swab Test

If your child or any of your household members has taken both an ART and PCR swab test, he will only be allowed to return to school **after the PCR swab test is negative, and when he completes the duration of his MC and is well** (before returning to school).

## 7. When your child is unwell

- i. We seek your support to continue to stay vigilant as we care for our children. So if your child is unwell, it is important to bring him to **seek medical attention immediately** in this Covid-19 situation.
- ii. Please note that students who have been on MC due to flu-like symptoms but **do not have a negative swab test (PCR only) will be required to remain on AA for 5 more days** from the date of expiry of the MC.

Thank you for your understanding and cooperation. Let us continue to exercise our personal hygiene and social responsibilities to ensure the SMM are in place in school, at home or out in the community. Let us also continue to keep well, stay safe and strong, together.

Yours sincerely

Miss Oh See Moey  
Principal
